Fischer's Dilute Green

Morgan Currier, MI

Best Unflighted:

Abyssinian

ALBS AAA 04 196

D&M Arthur, NE

JUDGE'S COMMENTS

I would like to thank the National and ALBS for letting me judge the Rare and Eye Ring Division. This National was a great time. All the exhibitors were very glad to be there.

My bench was very competitive with all different exhibitors, a very well rounded group of birds, as you can see in the show report.

There were two classes that were big, 12 Green Fischer's and 12 Black-cheeked which was one third of the total birds. All the birds in my Division were in great condition and very well show trained.

Thank you exhibitors for making my job very easy to pick the best birds. What surprised me I had no Champions in the show.

Thanks,
Joe De Luca

JUDGE'S COMMENTS

It was a very long day 177 birds plus many miss-classified. Once the judging started I was very impressed with the quality and the condition of most of the birds on

the bench. Many of the birds were of good size and still retaining tight feather and excellent condition.

The Longfeathered Section was large with several top birds. The 1st and 2nd placed birds were very good examples of what a Longfeathered should be. Percentage birds did not place, as they are not true examples of what a Longfeathered should be. Fortunately we had almost all pure examples that were in good feather condition.

The quality of birds on the top bench is probably among the best I have seen at any National.
