**Judge's Comments:**

SELEA's inaugural show was held on a beautiful fall morning, in the exhibit space, at The Atlanta Farmer's Market. SELEA is the newest of the Lovebird exhibitors to form and host a show. Thanks to the group and the Georgia Cage Bird Society, a double show was held. I had 81 birds and 8 exhibitors. There were birds in all sections but Masked and Longfeathers. My largest sections were the green and the Opaline sections. It is great to see the number of normal green and its variations increasing in shows.

Feather condition ran from flawless to some with very frayed tails. I was very happy with the selection and the condition of the birds overall. The first place bird was beautifully conditioned medium green violet Peachface which was bred and exhibited by Linna Reusmann.

I want to thank the SELEA group, especially Linna, for the great job they did with the show benches. I was able to line up 15 show cages across which made judging very easy.

Respectfully,

Frank Horan
