Judge's Comments:

I would like to thank the PR club for having me to judge their show. We had 92 birds and 14 exhibitors. The best bird was a Green OF, which was perfect in color, size and condition. The bird was well show trained. The second place bird was a Opaline which had great size and color. The third place bird was a TRUE Longfeathered and I can go on with the birds in the bench. The quality of the birds in Puerto Rico has improved 100%, they are really breeding for quality, size & color. In the last years, they have improved 500% in quality of the birds, we in the States should really start taking notes.

Thank you,
Joe DeLuca

Judge's Comments:

The eyerings show was one of the great ones, all different types and colors of birds and the quality of the birds was outstanding. The green fischers, green masked & blue black cheeks were the best I have seen in a long time. We had 113 birds and 16 exhibitors. I would like to thank the bird club for having me to judge their eyering show in PR. I also thank my secretary and my stewards for a very well done job and for making my day easy.

Thanks,

Joe DeLuca
