Judge's comments:

I would like to thank the bird club for having me judge the Love Bird Division. It was very well organized and everything went very well. We had 64 birds, the exhibitors brought out the mutations so the audience could see all the different colors. This was the first show I had 17 Nyasa Love Birds in one class, what a great selection of birds! The Fischer's was a very strong section, the Medium Green owned by David Arthur was the best I have seen in 20 years!

**Judge's Comments:**

Arriving at the show hall I was surprised to note how similar the show plan was to how the National is set up. The feeling of organization, that this was a tried and true format was evident. There was a nice vendor area and a large area where birds were set up for adoption.

In each of the Love Bird divisions I had a very nice selection of birds. Rares & Eyerings, right off the bat gave me a challenge. 19 Nyasa, the most I have ever seen in one place. I believe I picked the best representation of the species and ultimately that bird placed 4<sup>th</sup> on the top bench. My overall winning bird was an Abyssinian champion, it made grand champion at this show. In Peachfaced I was represented with some beauties. In the end I placed a WF Violet in 1<sup>st</sup> place.
